January 13, 2012

The 2012 racing season will begin early for Phil Potts and the Fowl Mood Racing team, as they plan to travel to Tampa, Florida and compete at Easy Bay Raceway Park in the ultra competitive NeSmith Chevrolet Late Model Series.

The team will be looking to conquer the troubles that left them on the outside looking in during last year's Winter Nationals at East Bay, in which the problems were later determined to be a faulty shock that disrupted the handling of the car.

"We were a little off the mark last year at East Bay, and we are looking forward to getting back there this year and putting up a better performance", says Fowl Mood driver Phil Potts. "I really have to thank Stu and April Archer for giving me the opportunity, and all the crew that will be making the trip with us this year. We feel that getting the season started early will be a great benefit to our team once the racing season gets started up here at our own local tracks".

Potts and the Fowl Mood team will be debuting a brand new color scheme on their Late Model during the Winter Nationals, and will have a couple new sponsors on board for the 2012 season.

The team will leave their shop in Brighton, Ontario on Saturday, January 28th and begin the 24 hour journey to Tampa, Florida and East Bay Raceway Park. The first on track action will begin on Wednesday, February 1st with an open practice session, followed by three consecutive nights of racing in the NeSmith Chevrolet Late Model Series on February 2nd, 3rd and 4th.

"We are thrilled to have Gord's Water Service and Brighton Recycling on board with us for 2012. They will join the great group of sponsors that have been with us since we started this Late Model program, and we cant thank them enough for their contribution to our team", adds Potts.

Fowl Mood Racing would not be possible without the support of our sponsors. We would like to thank Hutchinson Fuels, Indewey Excavating, Vanderlaan Building Supplies, Bill's Johns, Gord's Water Service and Brighton Recycling Inc. for all their support, and we look forward to a very exciting 2012 season.
